

The Mirage LAB Edition Professional Photo Finishing

The **Mirage™ LAB Edition** enables you to get the most out of your Epson SureLab SL-D700. The Mirage user-interface helps you to work fast, efficient and intuitive from its native plug-in for Adobe™ Photoshop™ or Adobe™ Lightroom™, or from the Mirage Stand-Alone application.

The Mirage LAB Edition offers:

Professional handling

What You See Is What You Get

A fast and efficient workflow

Print multiple images within one print-job
Create multiple copies per image-file

Well arranged settings

Fast appliance for all settings
No hidden menus
Real print-preview

Save settings

Store Settings and apply them to your print-jobs with one click.

Droplets

Allow you to automate your workflow.

Job-archive

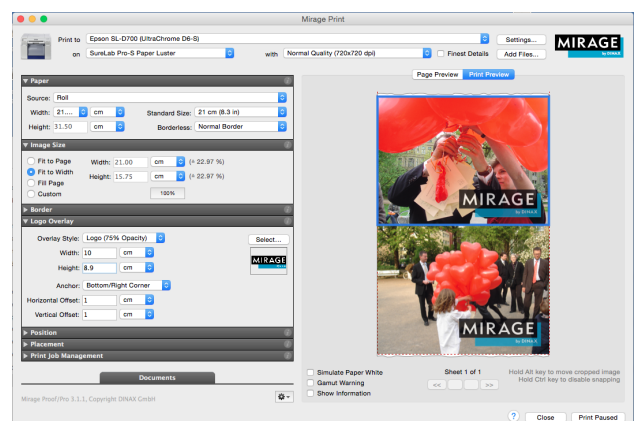

Simply archive and re-print files / jobs whenever required.

Fill page

Automatically scale images to fit the width of your media.

Logo placement

Add your individual (event) logo to every print.

Print better easily - MIRAGE
